

## The Goal

Our overarching goal is to identify and meet the specific needs of each resident while at the same time cultivating all that is unique about his or her Godly design so that he or she is able to achieve their own God given goals.

## The Need

### Prayer

- For individuals to commit to praying for the victims who are presently enslaved and cannot see a path to freedom.
- For wisdom, guidance and financial provisions as we lay our plans and begin the building of Hebron Hills.
- For miraculous intervention by the Holy Spirit into the lives of those engaged in trafficking so that they would be so moved to put and end to their horrific means of profit.

### Participation & Partnership

- By hosting an advocacy and awareness event in your local community, church or home.
- By starting a local Abolition Coalition.
- By committing yourself to become an abolitionist through financial support of We Are FREE's mission

Incline your ear to me; rescue me speedily! Be a rock of refuge for me, a strong fortress to save me!  
- Psalm 31:2

27 million slaves but no plantation  
27 million slaves, all different races.  
This is not the picture  
the Lord painted in Genesis  
Silence is our enemy,  
our voices can end this.

## The Facts:

- In the U.S., Human Trafficking is a thriving industry.
- Each year more and more victims are being identified and rescued.
- There are not nearly enough specialized aftercare facilities to treat survivors.
- If a trafficking survivor does not receive adequate care, within 48-72 hours of his/her rescue they will likely fall back into exploitation and trafficking.

## The Remedy: Hebron Hills

Hebron Hills, which is being built on 45 rural acres in southern Arkansas is slated to be a faith-based comprehensive care facility for survivors of human trafficking. The care received will include:

- Long-Term Temporary Housing
- Case Management
- Legal Services
- Medical Care
- Psychological Care
- Spiritual Care
- Holistic Therapies
- Equine Therapy
- Education

"All I can think about is like there has to be more to my life than just this. I can't do this anymore."

- Survivor of Trafficking

## Phase One of the Building Plan

- **Group Home which can provide services to 12 survivors. The 7 bedroom, 4 bath group home will provide comfortable long-term temporary housing for 12 survivors and 1 resident.**

- **Counseling Center which will provide for onsite individual and group counseling, medical treatment, holistic therapies, education and vocational training.**
