

# THE DARLENE CAREY CHRISTIAN ACADEMY

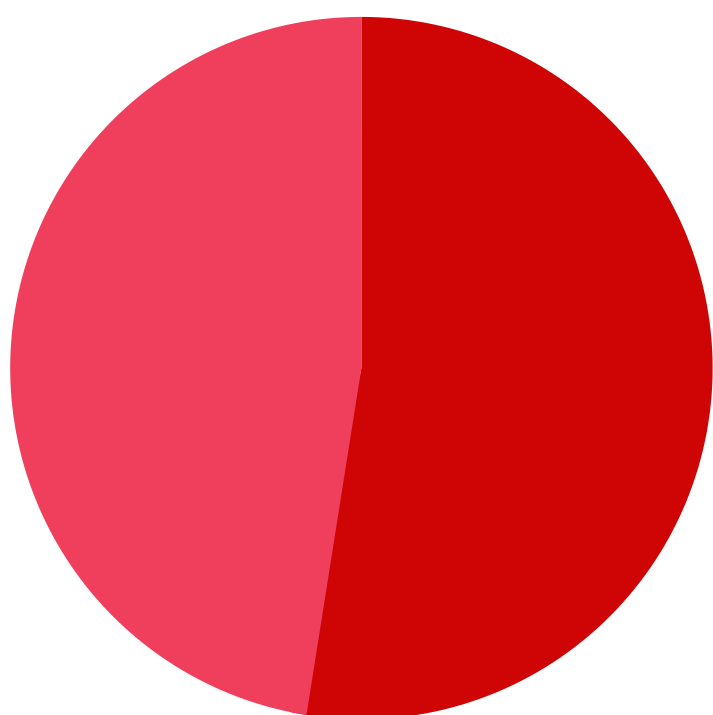

## 2021 NATIONAL WMA PROJECT

Darlene Carey had a heart for ministry but especially for children. Every time her name is mentioned in the Philippines everyone shares a story about how she impacted their lives. We pray that her legacy would live on through the new academy.

The academy opened in the fall of 2019 with 1st grade and 2nd grade was added in the fall of 2020. With the growth of the Academy it is imperative that we add additional classroom space. We currently have raised over \$105,000 towards the \$200,000 goal. These funds will construct two buildings, each consisting of six classrooms. Construction began on building one in December of 2019. We anticipate completion of building one by May of 2021.

Funds Still  
Needed  
47.5%

Funds Raised To  
Date  
52.5%

---

We know that through the academy students will hear God's Word daily. We are praying that through these students we would be able to reach their families too!

---

The academy will not only serve as a ministry to children and families but will also underwrite 1/3 of the BMA College of the Philippines operating budget. This will help bring the college closer to being self-supportive.

---

**Thank you National WMA  
for your commitment to the  
Gospel!!! You are truly  
touching lives for eternity!**
