

What is Missionary Care Ministry?

The ongoing preparation, equipping and ministry to missionary personnel so that they may be fruitful in life and ministry.

Preparation

- Providing pre-field preparation and orientation for the whole family
- Establishing support systems for each family before they leave for their field of service

Equipping

- Providing resources for spiritual, emotional, physical, and psychological health
- Providing outsourced conferences including security, counseling, and debriefing conferences
- Encouraging a continued coaching relationship

Ministry

- Facilitating conferences held on the field to encourage, strengthen and refuel missionary personnel
- Managing the availability of Christian counseling for marriage, family, emotional, and security crisis issues
- Overall support for the spiritual, physical, emotional and familial life of our missionaries with the help of our local BMA churches

Prayer points

- Pray for the Lord's leading in the continuing development of our Missionary Care ministry.
- Pray for the spiritual, mental and emotional wellbeing of our missionary families.
- Pray for spiritual wisdom in dealing with the pressing needs of our missionaries.
- Pray for the financial resources needed to provide an excellent Missionary Care program.
- Pray that our care is not just in theory but that we are the actual hands and feet of the gospel to our missionaries.

"Missionary Care has been directly responsible for prolonging the ministry of several BMAA missionaries in recent years. This proactive effort toward strengthening the spiritual, physical, emotional, and family life of our missionaries is Bible-based ministry at its best. Our Missionary Care team serves as the "missionary medics" to those who are serving on the front lines around the world."
